ISO/TC 194/WG 11 Allowable limits for leachable substances

BRIEF MINUTES AND PROGRESS ACHIEVED AT THE MEETING IN HAYAMA-MACHI; JAPAN; ON 24/25 MAY 2000

The meeting was attended by18..... delegates from7..... countries.

The meeting was chaired byDr. Lawrence Hecker.....

The working group discussed and resolved the 168 comments received regarding ISO/DIS 10993-17.2. As a result, the working group recommends that the document, as amended, proceed to the FDIS stage. This FDIS is aligned with ISO/FDIS 14971 of ISO TC 210 JWG1 to be balloted later this year.

WG 11 anticipates requesting a work item to revise ISO 10993-7:1995 based upon ISO 10993-17 prior to the ISO TC 194 meeting in 2001 in Germany.
